

Waiver Requirements

The commissioner may waive the application requirements of R.I. Gen. Laws § 27-20.7-12(b) if the TPA has a valid certificate of authority as a TPA issued in a state which has standards for TPAs that are at least as stringent as those contained in the model statute for TPAs of the National Association of Insurance Commissioners. To apply for a waiver, submit the following:

1. A Form Affidavit.
2. A certified Certificate of Authority (license) or letter of good standing from the state that the TPA is relying upon in the affidavit noted in 1 above.

Upon satisfactory review of the above information, we will issue a waiver certificate.
